

ANTI-BULLYING POLICY

RATIONALE

The Winton School Board has a zero tolerance to bullying and seeks to take all reasonable steps to develop high standards of behaviour in order to fulfill the charter expectation and the requirements of NAG 5: Health and Safety.

The Board seeks to foster and develop a safe, positive physical and emotional school environment that creates a climate of trust. Students, staff, parents and whanau share the responsibility for making Winton School a respectful and inclusive environment.

We are committed to ensuring that our school provides an environment free from bullying behaviours. All members of our school community – Board, school leaders, teachers, staff, students, including students with specific educational needs and parents and whanau should have an understanding of what bullying is and know what to do when bullying occurs.

DEFINITION

Bullying behaviours can be physical, verbal, or social and can take place in the physical world, or digitally. Our school community agrees that:

- Bullying is deliberate
- Bullying involves a power imbalance
- Bullying has an element of repetition
- Bullying is harmful

Examples of bullying behaviours include:

- physical, e.g. hitting, kicking, taking belongings
- verbal, e.g. name calling, insults
- social/relational, e.g. students with special needs, spreading nasty stories, excluding from groups, making threats.
- identity-based bullying, e.g. racist, sexist, religious, ableist, sexuality and gender-based bullying (homophobic, transgender).

Bullying is not an individual action. It takes up to three parties:

1. Initiators (those doing the bullying)
2. Targets (those being bullied) and
3. Often bystanders (those who witness the bullying)

PREVENTION GUIDELINES

We recognise that real change happens when students, staff, parents and whanau and other members of the community share responsibility for making our school a respectful and inclusive environment. We will:

- Recognise diversity and avoid cultural bias.
- Work to eliminate racism, discrimination and stigma in education
- Regularly survey our school community

- Identify areas for improvement through the survey findings and develop a bullying prevention plan
- Regularly promote our expectations and success in preventing bullying e.g. in assemblies, newsletters, HERO and Facebook, and reporting back to the Board.
- Hold regular professional learning development opportunities to improve our understanding of bullying prevention and response (staff meetings, parent meetings, and student council).
- Use a range of activities including curriculum based programmes to develop the ability for students to relate to each other (PB4L, Relationships and Sexuality Education, Life Education, Kia Kaha, peer mediation, social problem solving solutions, role playing)
- Promote digital citizenship throughout ICT promoting safe use of technology (through ICT Use Agreements)

RESPONSE AND PROCEDURES

We recognise the importance of consistently responding to all incidents of bullying that have been reported in our school and ensuring that planned interventions are used to respond to these incidents and support all involved. We will support anyone who has been affected by, engaged in or witnessed bullying behaviour

- All reported incidents of bullying will be taken seriously and followed up as appropriate
- An appropriate adult will support the affected students by:
 - Reassuring that they have done the right thing in reporting the incident
 - Record a description of what happened and assess the level of severity
 - Using the quick reference guide, respond to bullying incidents to activate the response and action needed
- We will involve parents and whanau as early as possible and as appropriate
- More serious incidents will be dealt with by senior management and we will seek advice and involvement from outside agencies
- We will provide appropriate support for targets, bystanders and initiators of bullying behaviour
- We will regularly monitor all incidents of bullying and identify patterns of behaviour

RAISING AWARENESS

We recognise the importance of good communication between home and school to promote consistent messages and to ensure that any reported bullying can be recognised and responded to effectively. We will regularly raise the awareness of our school community's approach to bullying and celebrate our positive school culture, for example through parent evenings, assemblies, class based activities and displays.

Our interaction with our wider school community will include reports to the Board, school newsletters and information (including the policy), this policy displayed in the school foyer and on the school's website.
